

3.1 Organisation's Website

Research

Data will be collected from the organisation's website to obtain information on the company and its products and services. The website will serve as a reference while developing the new organisation website. The following data will be gathered:

Bakery name: Sweet Bakery

About the bakery: Information on the company, its background, and its products offered to the customers.

Products: Cakes, cupcakes, doughnuts, cookies, muffins, bread, rolls, pies, tarts, sausage rolls, pizza, and other baked items.

Product descriptions: Information on the description of the products, ingredients, size, or flavours available.

Special orders: Information on special orders for cakes and other baked items for birthday parties, weddings, and other events.

Promotions: Information on special offers, discounts, and seasonal products.

Contact details: Contact information such as the telephone number and email address.

Location: The address of the organisation.

Opening hours: The operating hours of the business.

Images: This includes pictures of the organisation and its products, which can be used in the new website as references if permission is granted.

The data gathered will be used to develop the Home, Products, About Us, Contact Us, and Enquiries pages of Sweet Bakery's website. The information will be concise and easy to comprehend by the end-users.

3.2 Social Media

Social media, such as Facebook, Instagram, and TikTok, will be used to collect the information about Sweet Bakery and determine what kind of content this business uses to attract its customers.

Moreover, it will be possible to find out the following information about Sweet Bakery's social media:

Product photos – photos of pastries, cakes, cookies, doughnuts, bread, pies, tarts, and other baked goods.

News about products – news about new products, such as cakes, cupcakes, pies, and other baked goods.

Promotions – special offers, discounts, and other promotions.

Holidays – products associated with holidays, such as birthday cakes, wedding cakes, Valentine's Day desserts, Christmas desserts, and holiday pies.

Reviews – comments and reviews from customers.

Announcements – announcements about events and other news.

Contact information – some social media accounts allow finding out more contact information on a particular business.

Products and content that other people liked – information about products and content that other users liked. This data will help to find the most popular kind of content that Sweet Bakery has and what kind of content their Instagram audience would like to see more.

Moreover, the information found using social media will make it possible to improve the company's website and make it more attractive to customers. All the collected product photos and content will only be used with the permission of Sweet Bakery or when a particular media allows using their content.

3.3 Public Domain and Creative Commons Resources

Public Domain and Creative Commons resources will be used to acquire appropriate images for the Sweet Bakery website. These resources can provide images and icons that will enhance the visual appeal of the website while also avoiding copyright issues.

The following resources can be collected:

- Bakery product images – images of cakes, cupcakes, doughnuts, cookies, bread, pies, tarts and other baked goods.
- Bakery background images – images of bakery, kitchen or baked goods that can be used as background.
- Icons – icons for the home, products, contact and enquiry pages.
- Decorative images – simple bakery-related images that can be used to enhance the appeal of the website.
- Fonts – free fonts that can be used for headings and body text

The resources will be acquired from websites that indicate that the content is free to use or that it is available under a Creative Commons licence. The required credit will be provided where applicable and copyrighted material will not be used without permission.

3.4 Original Content

Original content will be created for the Sweet Bakery website to make it unique and to provide it with specific information.

This content will contain the following sections:

Welcome message.

About company.

Description of products such as cakes, cupcakes, doughnuts, cookies, bread, pies, tarts, and others.

Prices.

Special offers.

Contact details (telephone, email, address, opening hours).

Enquiries.

Customer message.

The content will be created in a simple manner to ensure that every customer can understand the information provided and learn about the wide variety of products and services offered by Sweet Bakery.
